EDUCATION

Mechanical engineering and ergonomics

UTBM(University of Technology of Belfort-Montbéliard) [🔗](#)

09/2019 – Present

Montbéliard, France

Courses

- Computer Aided Design
- Manufacturing processes
- Materials science and engineering
- Ergonomics
- System sizing mechanical
- Prototyping basics
- Product design
- Eco conception

Two-year highly selective classes

PrépaVogt

09/2017 – 06/2019

Yaounde, Cameroon

Courses

- Mathematics, physics
- Engineering sciences

High School Diploma

Collège de la Retraite

09/2016 – 06/2017

Yaounde, Cameroon

PROJECTS

Industrial design project (02/2020 – Present)

- R&D work
- Benchmark of existing products
- CAD design

3D modeling of a tractor (09/2019 – 02/2020)

- Tractor Computer Aided Design
- Geometric sets and parameters
- Kinematic simulation

Study of design of a table tennis racket (09/2019 – 02/2020)

- Material analysis
- Analysis of solutions and study of the final concept

WORK EXPERIENCE

Internship - Concrete worker

Works management, Djemo BTP

07/2018 – 08/2018

Yaounde, Cameroon

Achievements/Tasks

- Column formwork
- Stock tracking

SKILLS

Catia V5
